

Wireframes – Customer Journey

1. Purpose

The wireframes represent the basic user interface structure of the Cravio customer journey.

The purpose is to visualize the requirements before UI development and ensure that the proposed screens support the documented business and functional requirements.

2. Login / Sign Up

Purpose

Allows customers to register or securely log into the Cravio platform.

Customer Login Screen

A wireframe of a customer login screen for the Cravio platform. The screen is enclosed in a rounded rectangle. At the top center is the 'CRAVIO' logo in bold, with 'Online Food Delivery' written below it in a smaller font. Below the logo are two input fields: the first is labeled 'Email / Phone' and contains the placeholder text 'Enter email or phone'; the second is labeled 'Password' and contains the placeholder text 'Enter password'. To the right of the password field is a link labeled 'Forgot Password?'. Below these fields is a large, light-gray button with the text 'LOGIN' in bold. At the bottom of the screen is a link that reads 'Don't have an account? Sign Up', where 'Sign Up' is in bold.

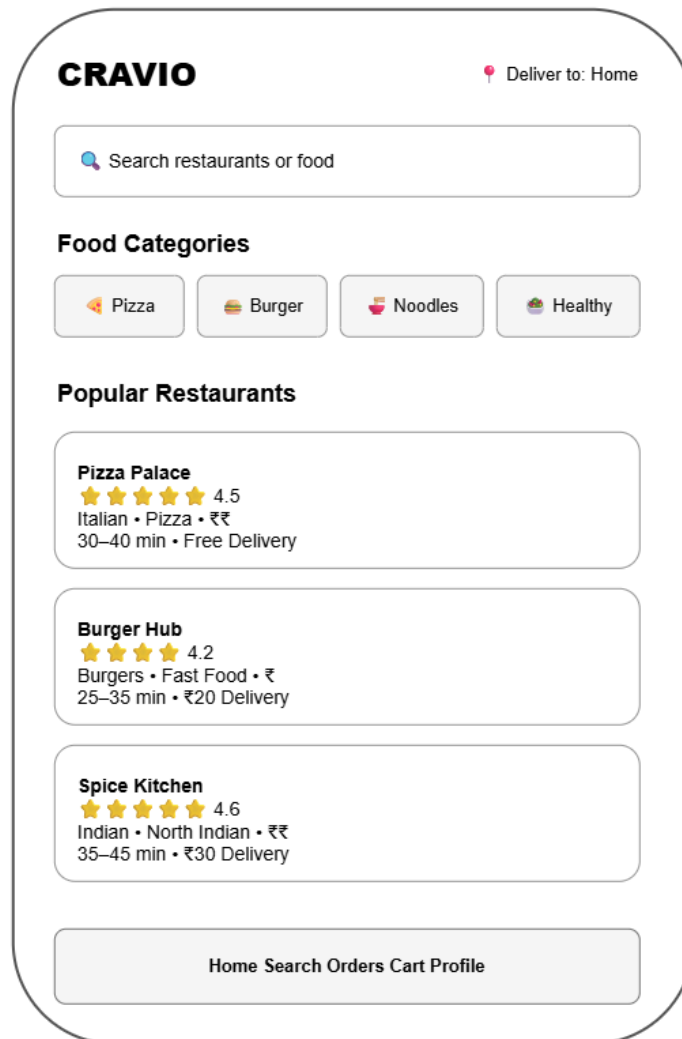

Don't have an account? **Sign Up**

3. Home / Restaurant Listing

Purpose

Allows customers to search restaurants, browse food categories and view restaurant information.

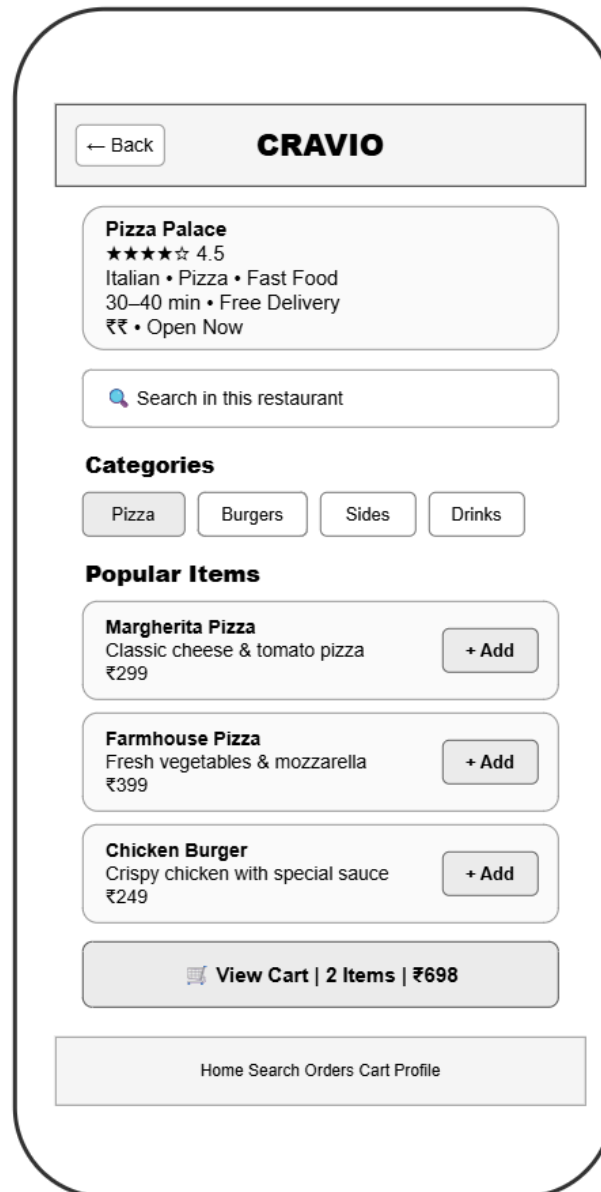

Cravio – Home / Restaurant Listing Screen

4. Restaurant & Menu

Purpose

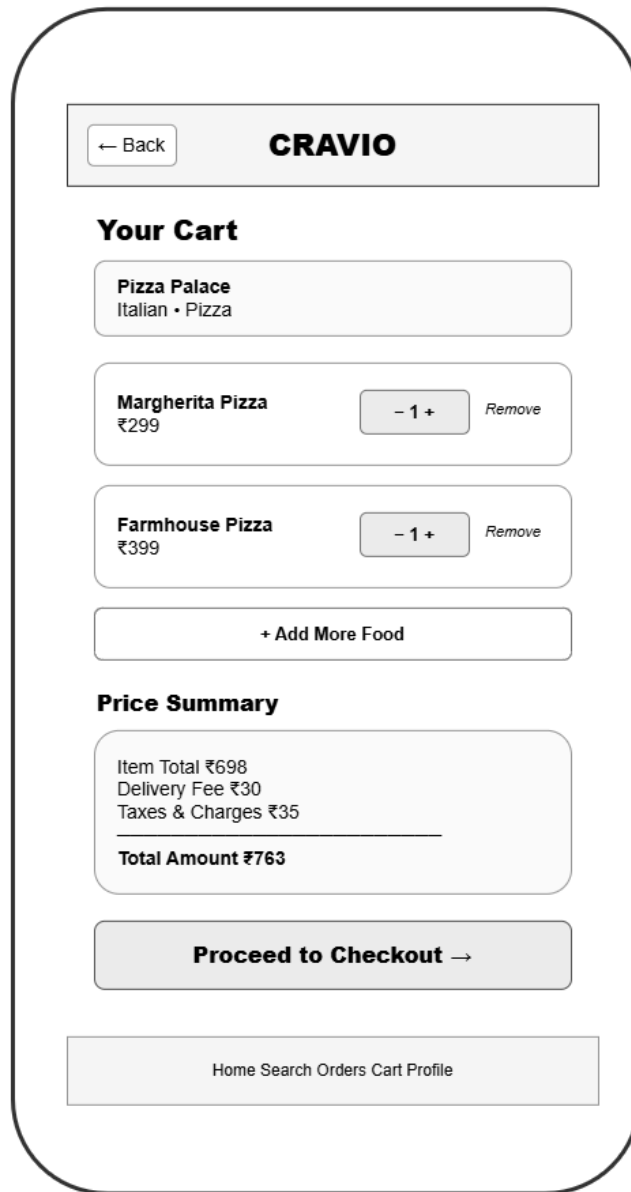

Allows customers to view restaurant details, browse menu items and add food to the cart.

5. Cart

Purpose

Allows customers to review selected food items, modify quantities and view the total order amount.

6. Checkout / Payment

Purpose

Allows customers to select a delivery address, choose a payment method and place the order.
